## Summary

Programming has just become a part of my life. My goal is to make good programs that will benefit humanity.

## Experience

### Python Full Stack Mentor

IT Center • Navoi, Navoi  
05/2021 - 09/2021

I taught Python Programming Language to students at the Digital Technology Learning Center at the IT Center.

### Telegram Bot Maker

Dream Team • Tashkent, Tashkent  
02/2021 - 05/2021

I would prepare different levels of Telegram bot for clients.

### Project Manager, Python Developer

Behzod E-Learning Center • Tashkent, Tashkent  
12/2020 - Present

For the convenience of students, I have developed an Online Learning Platform. There are more than 10 courses. We will also help graduates who have completed this course to get a job.
